2. Ladies Room:

Our institute gives top priority for the providing a comfortable space for female students and staff. They are constantly provided with opportunities to socialize and engage in various activities conducted in the department level in our institution. In this regard, we have established a dedicated Ladies Room for staff and students in the campus. Ladies rooms are equipped with restroom, mirrors, cots and basic grooming essentials.

Ladies room for girls and staff/Inside view of ladies room

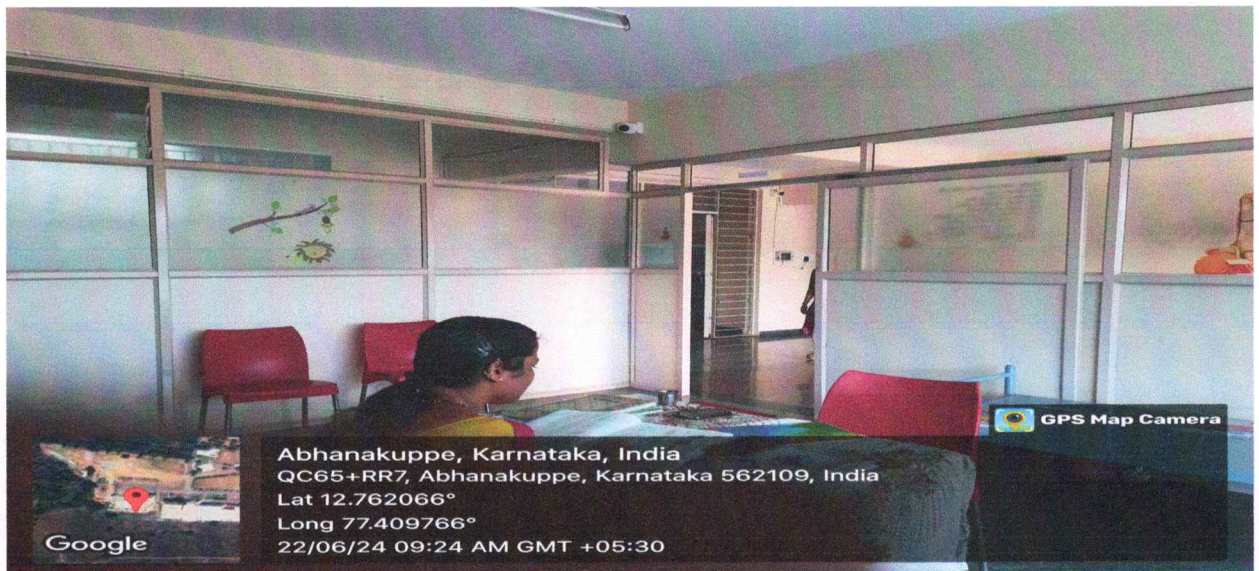

3. Counselling:

Our institute offers counseling services for girl students, providing them with much needed emotional support, guidance and assistance in dealing with their personal and academic challenges. Our women empowerment cell provides all the girl students and staff ample amount of opportunities to have open discussions.

The women empowerment cell maintains a strict confidentiality, ensuring that the personal information is protected. In the session we provide the girl students with comfortable environment in which they can express their thoughts, emotions and concerns.

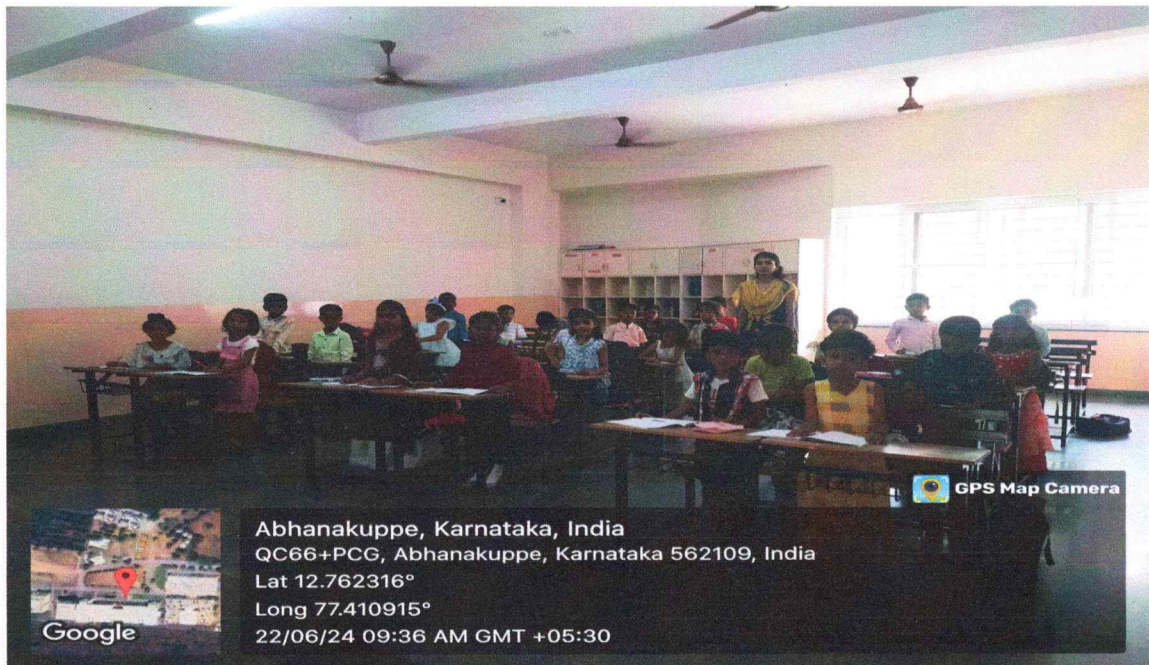

We have assigned mentors with students in department level to have a better academic guidance and provide emotional support to the girl students.

4. Day Care Centre for young children

Our institution understands the challenges faced by the staff who are parents. We understand that it will be challenging for the faculty to balance both the professional as well as parent responsibilities. In this regard our institution has established a dedicated day care centre in campus. This is providing a supportive environment that acknowledges the needs of the staff parents. Our institution constantly monitors and offers quality care for the children by which the parents can work and pursue their professional endeavours with peace of mind.
